

TEXTBOOK BUYING INFORMATION 2011 – 2012 SCHOOL YEAR

Dear Parents,

Below, you will find some basic information regarding the purchase of textbooks. The school is providing this information as a service to you, but does not take responsibility for any errors in purchases should you choose to buy your books in a place other than MBS Direct – our online bookstore.

The online bookstore will open on July 1, 2011. This year, MBS is offering free shipping for orders which total \$99 or more **from July 1st – July 7th at midnight only!!** Order early and take advantage of the savings!! We do realize that with the economy, some parents like to “shop around” or are involved in book swaps. Our school follows the Archdiocesan policy of reviewing certain portions of the curriculum on an annual rotating basis. **ALL REQUIRED BOOKS WILL BE LISTED ON THE MBS BOOKSTORE SITE.** As stated previously, the bookstore opens on July 1st. All consumable materials, such as workbooks, will need to be purchased new. Also, notes have been added beside certain textbooks if they are going to be used for multiple years. All of this information needs to be obtained on the MBS bookstore website. Should you choose to shop elsewhere, after you have obtained all of the necessary information of what is required for your child’s grade level, we have provided the ISBN numbers of the hardcover books for each grade level below. **THESE ARE ONLY THE NUMBERS FOR THE HARDCOVER BOOKS.** There are other required textbooks for your child, and all of this information is given on the MBS bookstore site. For example, we have only listed the 4 hardcover books which are required for third grade. However, third grade has several other workbooks which are required as materials during the year, and this list can be obtained through MBS.

Our school will be using the Christ Our Life program from Loyola Press for religion next school year. The school will order your child’s religion text and it will be given to your child at the beginning of school. You will not need to purchase the religion text from MBS.

Once again, we are providing these ISBN numbers for you as a service, but cannot guarantee that if you shop around elsewhere, that you will get the correct product. All workbooks will need to be purchased new, and you will need to get that list from MBS direct when the bookstore opens in July. We have found MBS to be extremely reliable and competitive with their prices for all of their consumable workbook products and highly suggest that you purchase those through MBS since they need to be purchased as a new product anyway. Please take note of any side notes that we have placed on the MBS website. For instance, the Social Studies book which we use at St. Joseph School is used during the 7th and 8th grade years. So, if you are in a book swap with a family that has a child only one grade older than your child, you will need to make alternative arrangements for that textbook.

The link for MBS is on the school website home page, left column. It is also listed on the Edline home page in the Links section, lower right hand side of the page. <http://bookstore.mbsdirect.net/stjosephschool.htm>

Please feel free to contact Beth Howard at blee@stjosephschool.org with any further questions.

Kindergarten - Will not be purchasing any hardcover books

First Grade - Only 1 hardcover to be purchased: Social Studies, Grade 1
ISBN #: 0-328-23971-2
