Paving The Way ...

For Another 50 Years!

As we continue the next 50 years of St. Joseph Catholic School, a paved walkway is being built at the entrance of the upper building.

Personalized bricks are filling the walk as a permanent tribute by the people who support St. Joseph Catholic School.

Each brick is 8 inches by 4 inches and can contain up to **3 lines of characters**. Each line has a maximum of **18 characters**, including spaces and punctuation.

The bricks are inscribed using a laser which will result in a permanent, black glossy finish that does not deteriorate, even under the most extreme weather conditions.

Bricks are installed in lots; Once we have enough bricks to create an order, that lot will be ordered and installed.

We will continue to accept orders until the pathways are complete.
